Practice Questions

## Review of Lesson 1 to 14

### Exercise

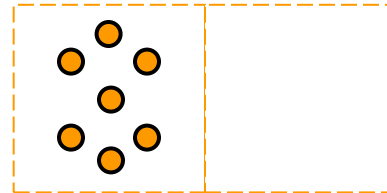

1. Fill in the missing part. Then complete the addition sentence.

a)

$$\underline{\quad\quad} + 4 = 10$$

b)

$$7 + \underline{\quad\quad} = 14$$

2. Florence wrote the subtraction sentence below. What number makes her subtraction sentence true?

$$15 - \underline{\quad\quad} = 9$$

3. You have 4 beads. You need 9 beads. How many more beads do you need?

4. Rewrite the following subtraction equations into two different of addition equations.

a)  $16 - 7 = 9$

$$9 + \underline{\quad\quad} = 16$$

$$7 + \underline{\quad\quad} = 16$$

b)  $11 - 6 = 5$

$$\underline{\quad\quad} + 6 = 11$$

$$5 + \underline{\quad\quad} = 11$$

5. Complete the doubles and solve.

a)

$$7 + \underline{\quad\quad} = 14$$

b)

$$\begin{array}{r} \boxed{4} \\ + \boxed{\quad\quad} \\ \hline \boxed{\quad\quad} \end{array}$$
