

Math Practice Sheets

Review of Lesson 1, 2, 3, and 4

Student Name

Practice Questions

Exercise

- Write each of the following numbers in standard form.
 - $9,000,000 + 100,000 + 500 + 30 + 2$
 - Twenty-eight billion, two hundred fifty million, one thousand, and six hundred
 - 802,911,743
 - Five hundred forty-one million, two hundred forty-four thousand, and seven hundred
- Convert into place value format.
 - $700 = \underline{\hspace{2cm}}$ tens = $\underline{\hspace{2cm}}$ hundreds
 - $400 = \underline{\hspace{2cm}}$ ones = $\underline{\hspace{2cm}}$ hundreds
 - $80,000,000 = \underline{\hspace{2cm}}$ millions = $\underline{\hspace{2cm}}$ ten-millions
 - $50,000,000 = \underline{\hspace{2cm}}$ millions = $\underline{\hspace{2cm}}$ ten-millions
- Write the smallest number of 9 digits. How many commas did you use? Explain.
